Biography

Ross Hartsock is a Partner at YA Group with over 14 years of experience in the construction industry in the areas of remediation, heavy civil, tilt-up construction, masonry, and water containment. He has been responsible for providing constructability reviews for designers, engineers, and owners.

At the project level, responsibilities include managerial oversight of 6-15 projects at any given time including scheduling, material takeoffs, procurement, financial management and forecasting, manpower resource overview and control, subcontractor scope allocation, and direct oversight of daily onsite activities on multiple projects across the US and abroad.

Responsibilities at the client level include: contract negotiations, change requests, document management, project commissioning, and closeout. Working outside the country on multiple occasions has given Ross the tools to manage and succeed outside of customary boundaries.
