Los Angeles, CA

Biography

JOHN MACHIN joined YA Group as a Consultant in 1998. He has consulted on a wide range of loss damage claims and subsequently started AES in 2007. Prior to joining YA Group, John spent 30 years in the construction industry as a carpenter, working foreman, superintendent, general superintendent, project manager, and contractor. He was also a principal in a design-build construction endeavor. While working in the competitive bid industry he was exposed to a variety of buildings including estate homes, custom homes, light industrial, concrete tilt-up, pre-engineered metal buildings, hotels, strip centers, laundries, restaurants, commercial buildings, multi-tenant and subterranean garages. From the outset, John has endeavored to expand his knowledge and scope of responsibilities. His diverse background and hands-on experience provide the knowledge and experience necessary for providing comprehensive damage and repair assessments in property loss resolution.
