## Biography

Jonathan began his consulting career in 2008 by assisting with Hurricane Ike projects in Houston. With 16 years of experience in the insurance industry, he has handled various insurance claims for government, commercial, hospitality, assisted living, and multi-family complexes throughout the United States. This includes overseeing large multi-location projects, where he utilized staffing to ensure successful and timely completion for the client.

Jonathan provides expert guidance to insurance companies nationwide by offering a range of essential services such as pricing and scheduling advice, spreadsheet comparisons, site clerking, comprehensive cost estimates, and detailed reports. With his vast experience in this field, Jonathan possesses the knowledge and skills to deliver exceptional results in each of these areas. Those skills enable him to support other consultants by performing peer reviews of all work products before publication and training new consultants to ensure procedures and standards are met.
