Locations

Baltimore, MD

Biography

Maria Burnette is a bilingual English-Portuguese speaker with extensive experience in environmental roles, including industrial hygiene, health and safety, and project monitoring. She specializes in the collection, sampling, analysis, and final clearance of asbestos, as well as conducting building inspections and collecting bulk and water samples.

In her role, Mrs. Burnette is responsible for writing and maintaining reports and data for clients, as well as monitoring work practices and safety for contractors and civilians during projects. Her expertise ensures compliance with safety regulations and promotes a safe working environment throughout all phases of project execution.
