Biography

Mario Farnesi brings over 35 years of experience in the construction industry, with a diverse portfolio spanning residential homes, multi-family developments, commercial properties, and industrial projects. He originally joined YA Group in 2017 as a Senior Regional Consultant, serving until 2021, and returned in 2024 to continue offering strategic insight and hands-on leadership across a wide range of assignments.

A Certified General Contractor in Florida for more than three decades, Mario also holds IICRC certifications in Water Remediation and Applied Structural Drying. His deep field expertise, combined with a results-driven approach, enables him to successfully manage and deliver complex construction projects with precision and efficiency.
