Biography

Brandon Hall is a Senior Regional Consultant with YA Group, providing construction consulting and expert witness services in matters related to forensic schedule analysis, construction defects, cost estimating, contractor means and methods, contract issues, and financial damages.

Brandon has led and supported expert analysis on claims exceeding USD \$2.5 billion. With more than 10 years of construction project management experience, he has completed projects totaling over USD \$2 billion. This background has given him expert-level insight into scheduling, estimating, subcontractor management, contracts, procurement, and project delivery. His project portfolio includes roads, rail, tunnels, sports stadiums, bridges, airports, water treatment facilities, ground remediation, food/agricultural, pharmaceutical, chemical, commercial, retail, and oil and gas sectors.
