Biography

Thomas Gallinger is a Project Manager at YA Group with over 30 years of experience in the environmental field. He provides environmental assessments, water damage and mold inspections, soil and groundwater contamination evaluations, fire damage and combustion byproduct sampling, and asbestos and lead investigations.

Prior to joining YA Group, Thomas operated a small environmental consulting firm for more than twenty years, managing a wide range of environmental testing and remediation projects for private and insurance clients. His background in running a consulting company, combined with YA Group's extensive resources, allow him to deliver thorough evaluations and personalized service to clients of all sizes.
