Biography

Jameal Hampton has a strong foundation in fire origin and cause investigation, evidence preservation, and case development. He is a valued member of YA Group. He is skilled in conducting detailed fire scene analyses, interviewing witnesses, and preparing investigative reports to support legal and insurance proceedings.

Jameal has a proven ability to lead investigative teams and coordinate with fire suppression units to secure and evaluate scenes effectively. He is adept at training and mentoring personnel in fire investigation procedures and scene integrity, drawing on his experience educating more than 100 recruits in operational readiness and advanced firefighting tactics.

His background in wireline operations and military vehicle recovery further strengthens his expertise in high-risk environments, strategic planning, and safety compliance. Jameal remains committed to public safety through proactive fire prevention efforts and community risk-reduction strategies.
