Biography

Pete Petermann is a construction estimator and project manager with over 25 years of experience in the construction industry. He is a valued member of the Planning and Construction Advisory Services team at YA Group, where he contributes his expertise in estimating, project planning, and construction advisory support.

Pete began his career in the field, working on commercial construction projects across the Western New York region. He later transitioned into estimating, project management, and consulting roles, gaining extensive experience supporting projects through planning, execution, and delivery. Over the course of his career, Pete has developed into a trusted advisor to owners, government agencies, and design teams, providing clear guidance rooted in his technical background and practical project-side experience.
